

SALES QUOTE

PRICELIST 2009 **WEMA CONQUEST CNC AUTOMATIC COPYLATHE SALES QUOTE AGREEMENT**

CNC Holzdrehvollautomat

Makes a bat in 40 sec video making a bat is on request. see machine demo video page on website.

View machine at www.copylathe.com/prod23.htm

Itemized list below starts with base machine price then added options .totaled below.

1)CNC Wood turning and Milling machine with hardened and polished linear guide rails in all axis.
Turning diameter up to 360 mm, copying length 1780 mm
Distance between centres with short six pronged dog and short live center 1980 mm.
Tailstock with quick gripping and releasing device

2

CNC lathe with 3 axis, servo motor control by CAD software Mega CAD,
Servo main spindle drive 5,5 KW. Turning and fluting incl.
Housing with large sliding doors, extraction through the top is possible

Attachment

Magazine for square timber 30-100 mm in automatic mode
Inserting length 200-1600 mm
100 - 360 mm can be loaded manually with magazine for support only.
1600 - 1980 mm can be loaded manually.

4PC-gesteuertes Bandschleifaggregat inkl. 4. Achse, Spitz- u. Flachsleifen
Spitz und Flachsleifen von Rundprofilen, max. Schleiflänge 1700 mm
PC controlled sanding unit, detailed and flat sanding of round profiles
incl. 4 axis. Max .sanding length 1700 mm

Abrasive belt, grit 120/150/180 till 50 items

Abrasive belt, grit 120/150/180 more than 50 items

PC controlled swivel head unit, 90° infeed and/or relief turning,

Laserscanning, profile scanning two-and three dimensional
automatic programming in PC

Milling unit, 3 KW, infinitely speed control with frequency

converter, 16 mm collet incl. milling unit is adjustable in height,
can rotate and swivel to all sides.
twisting, fluting, engraving and boring is possible

Pos WEMA CONQUESTCon 05/03/08
CNC Holzdrehvollautomat

Ring follower steady 15-85 mm with HSS roughing cutter
(without inserting discs)

special inserting disc for ring follower steady from D 10-70 mm
(steps of 5 mm)

12 15-85 mm Ø 15-85 mm (5 mm pro
inserting disc for ring follower steady 80, 85 mm

Ring follower steady 80-120 mm with HSS roughing cutter
(without inserting discs)

Four jaw steady 30-60 mm, infinitely adjustable with
automatic positioning

automatischem Positionshalter
Four jaw steady 60-100 mm, infinitely adjustable with
automatic positioning

automatischem Positionshalter
Four jaw steady 100-140 mm, infinitely adjustable with
automatic positioning

Special live center MT 4 with pressure ring, long
(for steady in magazine motion)

six pronged dog MT4 long, dia 20 mm

six pronged dog MT4 long, dia 25 mm[

six pronged dog MT4 long, dia 30 mm

six pronged dog MT4 long, dia 40 mm

profile cutter HSS V-form rad 0,6 mm

profile cutter Super V-form rad 0,6 mm

Motor 400 V, 3-Phasen, 50 Hz
Profile sharpening machine with diamond grinding wheel
Motor 400 V, 3-Phases, 50 cyc.

extraction for ring follower steady

extraction for swivel head

extraction for sanding unit

=====

Ocean charges approx. \$3,800 Seaworthy crate approx. \$1,300

Startup training available if needed. 1) 100% down payment due with order

Payment Schedule:

Time of delivery: To be determined at time of order Estimated at 3 to 6 weeks **for USA orders**

Terms for Export Orders: 100% in US Dollar
Shipping cost :\$5100.00 Grand Total includes shipping: \$220,500.00
